

INTERNATIONAL SEARCH REPORT

(PCT Article 18 and Rules 43 and 44)

Applicant's or agent's file reference 27612		Form PCT/ISA/220 nere applicable, item 5 below.			
International application No. PCT/IL04/00161	International filing date (day/month/year) 19 February 2004 (19.02.2004)	(Earliest) Priority Date (day/month/year) 19 February 2003 (19.02.2003)			
Applicant EBENSHPANGER, GIDON					
This international search report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau. This international search report consists of a total of sheets. It is also accompanied by a copy of each prior art document cited in this report.					
Basis of the Report a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item.					
The international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)).					
b. With regard to any nucleot	ide and/or amino acid sequence disclosed in	the international application, see Box No. I.			
	l unsearchable (See Box No. II)				
3. Unity of invention is lacking	ng (See Box No. III)				
4. With regard to the title, the text is approved as subn	nitted by the applicant				
	by this Authority to read as follows:				
·					
•		•			
5. With regard to the abstract,					
the text is approved as subr	nitted by the applicant.				
. —	d, according to Rule 38.2(b), by this Authority m the date of mailing of this international search				
as suggested by the as selected by this as selected by this	Authority, because the applicant failed to sugg Authority, because this figure better character	gest a figure.			
b. In none of the figures is to be published with the abstract.
